### THE POPE'S PRAYER

By Associated Press.

Rome, Sept. 7.—The Pope has directed Cardinal Martinelli, papal delegate to the United States, to express to the government the feeling of deep indignation of his holiness at the attempted assassination of the President and his earnest prayer for McKinley's recovery.

The Press strongly condemns the outrage and demand stringent suppression of anarchists.

### FRANCE SYMPATHIZES

By Associated Press.

Paris, Sept. 7.—Americans in Paris and the French people, learned of the news of the attempt on the life of McKinley when they opened the newspapers this morning. Even United States Ambassador, General Horace Porter was not aware until today of the tragedy. He retired early last evening and was not disturbed in the absence of official dispatches.

A dispatch was sent to President Loubet, who is at the Rambouillet, late last night, but was not delivered until today. The news spread through Paris with the rapidity of a whirlwind and was discussed to the exclusion of every other topic. Many Americans are stopping in Paris on their way home from other European countries and every hotel and court yard has its group earnestly discussing the news. The United States Embassy and consulate were besieged by callers.

Expressions of sympathy from Frenchmen were emanating from every side. From the highest to the lowest every one was anxious to express deep regret and abhorrence at the crime. The majority of the newspapers published portraits this morning of Mr. and Mrs. McKinley. More reassuring cablegrams received this evening of the president's condition caused the liveliest satisfaction.

Dispatches from the Provinces show that the news of the crime created a profound impression throughout the country.

### ARE WITHOUT SYMPATHY

By Associated Press.

Madrid, Sept. 7.—Newspapers here comment briefly on the attempted assassination of McKinley. None of them fail to remember that it was under his administration that the war with Spain took place.

The Globe Ministerialist says: "President McKinley, yielding to popular ambitions wrought much ill to Spain" but the paper condemns what is described as being a brutal outrage.

### A QUEER CHARACTER

By Associated Press.

Cleveland, Sept. 7.—To those who knew Leon Czolgosz his act is an incomprehensible one. They who knew him during his seven years' residence here wonder how the meek and harmless Leon could muster courage for such a deed. Shortly after coming here 15 years ago Leon's father started a saloon, in the rear of which anarchists met. He was a frequent listener and this was the turning point in his youthful mind. Rolling mill work was too hard for him and he retired again to his father's farm, but lung trouble made that work undesirable drudgery. He finally became an idler. Too sensitive to lay around and allow hard working members of the family support him he left the parental roof to travel. His effeminacy caused much comment, he spent the greater part of his time in the company of children. The police say that the idea that a plot was hatched in this city is preposterous. They regard the act as a sudden inspiration to do something to attract public attention. Among his brothers and sisters he was considered "strange."

It is estimated that over 1000 anarchists are in Cleveland. They are much wrought up over the attempt on the life of President McKinley and loudly declare it unnecessary and uncalled for.

## HEAVENS WEPT

### When Abner McKinley was Informed of the Awful Deed.

### Then a Beautiful Rainbow Appeared as Though it Were a Message From on High.

By Associated Press.

Denver, Col., Sept. 7.—A dramatic story is told of the circumstances attending the reception by Abner McKinley's family in Platte Canon yesterday of the news of the tragedy at Buffalo.

"As the telegram was handed me," said C. F. Meek, who has charge of the train, "there was a terrific flash of lightning, followed by a crash that shook the granite mountain. I went to the car and by the flashes of lightning read the telegram to Abner. He put his hand to his head and staggered. With each step there were frightful flashes of lightning. The rest of the party were speechless and tearless. Then came a torrent. From above broke astounding masses of water. The heavens wept with us. Then there was a rainbow, the like of which few had ever seen. It was an arch of crimson and gold. 'It is a sign from God that he will let our brother live,' sobbed Mrs. McKinley as she sank to her knees in prayer. With tears we followed her and the prayer that went up certainly must have reached the Father for the rainbow grew wider and brighter and suddenly flared up as if assenting to our supplication."

### THE G. A. R. RE-UNION.

By Associated Press.

Cleveland, O., Sept. 7.—The Grand Army Executive Committee at a meeting this afternoon took action concerning the attempted assassination of President McKinley and matters of business occasioned by the fact that his injuries will prevent his presence at the Encampment which begins here next Monday. They voted to leave all details as to changes which must be made in the program, owing to the absence of the President, to Senator Hanna and to carry out all the arrangements he may make. Senator Hanna instructed the Secretary to tell the committee to proceed in all arrangements not involving the presence of the President as though nothing had happened.

## ANARCHY

### Must be Throttled, Says Governor Voorhees of New Jersey.

By Associated Press.

New York, Sept. 7.—The World tomorrow will print a statement from Governor Voorhees of New Jersey, in which he says:

The time has come for to call a halt to anarchy and all anarchists in this country. It will be stopped in New Jersey. I can give that assurance here and now a law is being prepared that will allow us to prosecute participants in any conspiracy in New Jersey that results directly or indirectly in the assassination of any ruler of the world over, or the murder of any person in or out of New

Jersey. Conspirators will be treated accessories and the charge will be murder if convicted they will suffer the same punishment as if they were convicted as aiding and abetting any ordinary case of murder. I am now corresponding with the state authorities of three European countries, who have written saying that their secret service men have found that the plans to assassinate conspicuous political figures in respective countries recently have been hatched in Patterson. New Jersey will no longer be associated abroad or at home with such dastardly plots.
